

HOW WE CHARGE

Like our Work Process we like to keep **How We Charge** simple and clear to. Our method of charging means we don't overprice projects to protect ourselves. We agree exactly what we are doing before we start the final build which results in less delays and means we can stick to budgets and timelines. It's a Win Win!

Rates are subject to change at any time

We require a \$150 deposit to be paid at the start, but will be deducted from the final invoice if all work is completed per agreement. We include 10% of the estimated time for amendments. After that it is charge hourly. We will submit bills at stages during the work depending on the amount of work carried out in any one period.

We love to build a happy relationship with our customers so for continued work we can offer further discounts.
